SUMMARY

Adaptable and personable Junior Full Stack Developer and recent bootcamp graduate with experience in Javascript and React.js. Over 3 years of proven communication and listening skills used to assess and anticipate client needs and provide outstanding customer service in the real estate field. Looking to collaborate building technologies and challenge analytic skills to help solve problems.

TECHNICAL SKILLS

Languages: React., JavaScript, jQuery, Bootstrap, Express.js, Node.js, MongoDB, MySQL

PROJECTS

Tripster | GitHub: **https://github.com/jtrevz/Tripster** | **Application**: **https://tripster2021.herokuapp.com/**
- This application is a group project that facilitates the daily dilemma of deciding what to make for dinner. The website allows for client to search up food recipes based on ingredients they have on hand.
- Designed the logo, and helped with general UI design and structure. Built front-end routes, helped assemble database, refine backend and API data
- **MERN, JavaScript, Jotai, Bootstrap, Firebase, jsPDF**

E-Commerce API | GitHub: https://github.com/jtrevz/ecommercebackend
- API organizes products from an e-commerce site. The database organizes information into categories, products, and tags. This API allows the client to run CRUD operations based on their storage needs.
- **JavaScript, MYSQL, Sequelize, Express**

EXPERIENCE
